WASTE RECYCLING

Reduce, Reuse and Recycle in Schools

Mytum & Selby Waste Recycling work with Schools in the Yorkshire area to raise awareness around waste recycling.

Mytum & Selby work closely with Sherburn High School, and have done for a number of years. As well as disposing of their waste at very competitive prices Mytum & Selby also get involved in various school projects.

Materials were provided, and

pupils created various designs of seating, pictured, is one of the seats, which went on to win an award!!

Award winning seating

Promote Recycling... With Mytum & Selby!

Mytum & Selby have opened a Sister company called **The Maltings Organic Treatment**, a composting facility. The possibilities are endless!!...**Get your School involved!**

Mytum & Selby work in partnership with Re New U Ltd, a design studio. Tailor making unique packages especially for School's.

The packages help raise recycling and waste awareness through various campaigns including creating projects, supplying posters, fact sheets, stickers etc.
